PROJECT & TASK MANAGEMENT TRACKER

PROJECT OVERVIEW

This project was created in Google Sheets to organize tasks, monitor deadlines, and track progress across multiple projects.

BUSINESS PURPOSE

The goal is to help a project coordinator or manager quickly identify completed work, tasks in progress, upcoming deadlines, and overdue tasks.

TOOLS USED

- Google Sheets
- IF and COUNTIF formulas
- COUNTA formula
- Conditional formatting
- Dashboard charts and KPI metrics

KEY FEATURES

- Tracks 15 sample tasks across three projects.
- Records task owners, priorities, start dates, due dates, and statuses.
- Calculates days remaining until a deadline.
- Flags tasks as Complete, Overdue, Due Today, or On Track.
- Displays total tasks, completed tasks, in-progress tasks, overdue tasks, and completion rate.
- Visualizes task status using a chart.

SKILLS DEMONSTRATED

Data organization, spreadsheet formulas, deadline tracking, KPI reporting, conditional formatting, and dashboard design.
